Prosper Tennis Academy utilizes the USTA 10-and-under Quickstart tennis format, which makes tennis easier to learn and more fun for young players. The courts are smaller, nets are lower, rackets are sized for small hands, and the balls are multi-colored. Kids can have success sooner, learn to rally and play points earlier, and have tons more fun learning the sport of a lifetime.

Advanced Classes

Junior High (Grades 6-8)	Wed	6:45-7:45 pm	\$79	\$119
	Fri	6:45-7:45 pm		

For players who have developed reliable stroke mechanics and starting to play points and considering future school team participation. Players have usually completed at least 2 months of Quickstart level.
